

ALBANIAN BIBLE INSTITUTE

building strong foundations for life and ministry

The Bible Theology Track

If you are serious about God's Word with an increasing desire to learn more, perhaps Albanian Bible Institute's Bible Theology track is for you. While beneficial to pastors, the Bible Theology track can also help anyone who serves in a local church and has a desire to share the Scriptures with others. Having a title of church leadership is not necessary to enter this program. What matters is that you have a heart to learn and a commitment to share the Word with others.

In this two year program, you will have 16 foundational courses in Biblical books, 9 courses in systematic theology and 10 courses in hermeneutics. In addition, courses in church history, religions in Albania, worship leadership, ethics, missions, preaching and discipling round out this program of studies to provide tools for ministry in a local church. The goal of this program is to give a depth of understanding in the Scriptures in order to competently and confidently share it with others and help them grow in their walk with God. Strong disciples produce strong disciples.
